Dear Friends,

It is a true privilege for me to have been elected to the Executive Committee of the ILAE for the years 2013 to 2017. I wish to thank you all for your invaluable support.

I would like to reiterate that I will strive to achieve the mission of the ILAE, and in particular the specific goals articulated by the President Elect, Dr Emilio Perucca, which include addressing the treatment gap, promoting epilepsy care and research, fostering education and mentoring of younger generations, and advocating for people with epilepsy.

I very much look forward to working and collaborating with all of you in the upcoming years.

With sincere appreciation,

Samuel Wiebe, MD, MSc, FRCPC, FCAHS
