

Programme for Advanced Epilepsy Meeting: Channelopathies & Neurosurgery

9 -10th May 2019 - Scandic Hotel, Copenhagen

Day 1: Epilepsy Surgery Session - Thursday, 9th May - 13:30 -17:30 hrs

Presentation one: Epilepsy surgery: the evaluation flowchart and evidence for the efficacy of surgical treatment	Professor Philippe Ryvlin Chef du Département, Professeur de Neurologie, Lausanne Honorary Professor, Copenhagen University
Presentation two: The contribution of advanced quantitative MRI based techniques to epilepsy surgery: lesion detection and prognostication	Dr Simon Keller, BSc MSc PhD FHEA FAS Senior Lecturer in Neuroimaging and Neuroscience in the Department of Molecular and Clinical Pharmacology, Institute of Translational Medicine (ITM), University of Liverpool
Presentation three: PET and SPECT in presurgical evaluation	Dr Lars H. Pinborg Consultant Neurologist, Associate Professor, Copenhagen University
REFRESHMENT BREAK	REFRESHMENT BREAK
Presentation four: Electromagnetic source imaging	Professor Sándor Beniczky Professor, Consultant Clinical Neurophysiologist Danish Epilepsy Centre and Aarhus University Hospital
Presentation five: Intracranial EEG: challenges and opportunities for individualised medicine: candidacy	Dr Beate Diehl, MD PhD FRCP Reader and Honorary Consultant Neurologist and Neurophysiologist, UCL Queen Square Institute of Neurology, London
Presentation six: Radiofrequency thermocoagulation (RFTC) guided by stereoelectroencephalography (SEEG)	Mr Martin Tisdall, MBBS BA MA MD FRCS(SN) Consultant Paediatric Neurosurgeon, Great Ormond Street Hospital Honorary Senior Lecturer, UCL Great Ormond Street Institute of Child Health Honorary Consultant Neurosurgeon, National Hospital for Neurology and Neurosurgery, London
GALA DINNER - Scandic Hotel	GALA DINNER - Scandic Hotel

Programme for Advanced Epilepsy Meeting: Channelopathies & Neurosurgery

9 -10th May 2019 - Scandic Hotel, Copenhagen

Day 2: Channelopathy Session- Friday, 10th May - 09:00 -12:30

Presentation one: Clinical approach to epileptic channelopathies	Elena Gardella Danish Epilepsy Centre and University of Southern Denmark
Presentation two: Genetics of epileptic channelopathies	Rikke S. Møller Danish Epilepsy Centre and University of Southern Denmark
Presentation three: From the gene mutation to the clinical manifestation	Dr Andreas Brunklaus Honorary Clinical Senior Lecturer, University of Glasgow
REFRESHMENT BREAK	REFRESHMENT BREAK
Presentation four: Early genetic testing in epileptic channelopathies.	Katrine Johannesen & Guido Rubboli Danish Epilepsy Centre and Copenhagen University
Presentation five: Treatment approaches and 'precision medicine' in epileptic channelopathies	Professor Sanjay Sisodiya Professor of Neurology, UCL Queen Square Institute of Neurology, London Honorary Consultant Neurologist, National Hospital for Neurology & Neurosurgery
Presentation six: Gene therapy in epilepsy	Professor Stephanie Schorge UCL School of Pharmacy, London
LUNCH - Scandic Hotel	LUNCH - Scandic Hotel

Programme for Advanced Epilepsy Meeting: Channelopathies & Neurosurgery

9 -10th May 2019 - Scandic Hotel, Copenhagen

Day 2: Case Session - Epilepsy Surgery - Friday, 10th May - 13:30 -17:00 hrs

Discussion panel:

- Dr Nandini Mullatti, King's College London
- Professor Matthew Walker, UCL Queen Square Institute of Neurology, London
- Professor Sandor Beniczky, Danish Epilepsy Centre and Aarhus University Hospital
- Dr Beate Diehl, UCL Queen Square Institute of Neurology, London
- Professor Anne Sabers, University of Copenhagen, Rigshospitalet

13:30 -15:00	Case presentations
15:00 - 15:30	REFRESHMENT BREAK
15:30 - 17:00	Case presentations
